BACKGROUND

Rice Education Consulting, LLC was founded by Rico Rice, M.Ed. Rico is a Miami University (BA) and University of Cincinnati (M.Ed.) graduate who has long been dedicated to empowering youth. After working in the education field as a Licensed School Counselor, Rico decided to start Rice Education Consulting with the mission of helping schools and families create a positive education environment conducive to learning. Later this mission grew to include organizations that serve children. Today, Rico and his team work with hundreds of students, families, schools and organizations each year.

OUR VISION

By providing a conducive learning environment, an enlightened student will become a great person with the ability to make a difference in their community. The Student will then pass on this knowledge and experiences to others thereby creating a positive generational effect.

SERVICES PROVIDED

Rice Education Consulting takes a holistic approach to education providing supplemental services to students, their families and the professionals who work with them.

College Planning:

Through our Steps2college© program students and families receive knowledge and resources to plan for college and the college application process. This can be offered in many different formats such as individual consultations or group workshops, seminars and presentations.

Professional Development:

We provide professional development for schools and youth centered organizations.

Topics include:

Understanding your Students, Diversity, Recognizing Child Abuse, Best Practices in Intervention Assistance Team and Effective Communication, Legal and Ethical Issues.

Student Enhancement:

This service provides students with direct and individualized assistance in an academic area of need. This can be offered in a small group or 1-on-1 setting.

Social Skill Development:

This service is aimed at developing social skills in students.

Programs include:

Anger Management/Conflict Resolution, Bully Prevention/Education, Life Skills

Healthy Relationships:

Working under the premise that there is no greater influence on a student's life than family, this service provides families with tools for strengthening their relationships with their children and partners.

BENEFITS

Our services provide an opportunity for students and families to obtain knowledge and resources to which they otherwise may not be exposed. It is our belief that education is the cornerstone to success.

In addition to the educational workshops and consultations for families, our staff assists in creating an environment where all parties can collaborate effectively to reach their goals.

We believe that by empowering students and providing them with resources to achieve, the benefits will be shared by students, schools, families and the community, thus making our world a better place.
